Relax! Planning the holiday is a breeze

If you're like me, sometimes you leave booking your Christmas escape until it's too late. Here are my tips on where you can find some great deals.

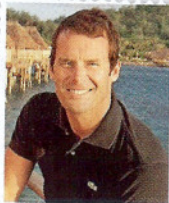

Visit www.vroomvroomvroom.com.au for a range of ideas for family road trips across the country. You can also compare rates from Australia's major car-hire companies to make sure you get the best deal, whether you're after a 4WD, minivan or sports car.

If you're looking for a hotel deal, go to www.lastminute.com.au and save up to 75 per cent on luxury hotels with their Secret Hotels offer. Other good accommodation sites include www.hotelclub.com, www.takeabreak.com.au and www.wotif.com.

For flights, visit www.webjet.com.au or www.zuji.com.au and quickly hunt down the cheapest fares with ease.

If you're stuck for a gift, how about a mystery flight from www.mysteryflights.com.au for your loved one? Buy them a gift voucher and then they can pick the dates that suit them.

Wherever you choose to go, have a great holiday – you deserve it!

Tom.
